

Divisional Application of Application. No. 09/992,789
Applicants: Thomas R. BOUSSIE *et al.*

REMARKS

This application is a divisional of U.S. Patent Application No. 09/992,789, the priority of which is claimed under 35 U.S.C. §§ 119, 120.

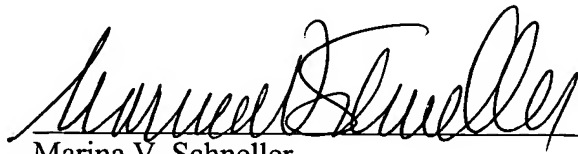

Claims 1-30 of the parent application were allowed. Claims 31-52 were not examined in the parent application, but were withdrawn from consideration. Claims 31-52 have been amended herein to incorporate the language of claims from which they originally depended and which are now canceled. New Claims 55-69 contain recitations concerning catalysts corresponding to parent claims 16-30, and new Claims 70 and 71 are based on Claims 34-36.

An early examination of the application is respectfully solicited.

Respectfully submitted,
